Subject: Invitation | Equilibrium: Ashoka University Economics Fest

To: Dean of International <dean_ir@du.ac.in>

Greetings from the Ashoka University Economics Society!

We'll be really grateful if you could send this email to the student body as well.

We are thrilled to announce the launch of **Equilibrium**, Ashoka's first-ever inter-university economics fest from 31st March to 2nd April. Our three-day festival promises to be an intellectually stimulating, fun-filled event with an impressive lineup of activities, competitions, and seminars. It will feature over 10 inter-university competitions with big cash prizes, seminars by eminent personalities including some of the biggest economists and corporate professionals in the country. A great learning experience for all along with fun social events to keep everyone engaged throughout the fest. The best part? It's open to students from all courses and disciplines, so everyone can participate and explore the world of economics, business, entrepreneurship and finance.

The fest is organised by the Ashoka University Economics Society (AUES) in collaboration with some of Ashoka's leading clubs, including Investments Club, Consulting Club, Entrepreneurship Club, Business Club and TedX. AUES aims to actively contribute to the dialogue around economics in Ashoka. To know more about what we have done over the years, please check out our website <https://www.ashokaeconsoc.com>.

With a packed lineup of keynote speakers, workshops, and competitions, this event is the perfect platform to learn and network with like-minded individuals. You'll have the opportunity to exchange ideas, challenge your knowledge and skills, and stay up-to-date with the latest trends in the world of economics. With this, we present to you our four categories:

- **Flagship Event:** This event has been designed to provide you a unique opportunity to demonstrate your abilities in some hardcore economic challenges while testing your quantitative skills and economic intuition.
- **Competitions:** From mock stocks to research paper presentations, our competitions cover a diverse range of topics, including macroeconomics, financial markets, behavioural economics, and much more. You'll have the chance to learn from some of the brightest minds in the field and gain insights that will help you excel in your own research and work.
- **Social Events:** Looking for a fun and engaging way to meet new people and expand your network? Look no further than our upcoming social event! This is the perfect opportunity to connect with other participants in a relaxed and casual setting. Our mixer features the chance to mingle with fellow students and professionals from all over the country and exchange ideas and experiences.
- **Speaker Series:** Ranging from 'Female Labour Participation to Mergers and Acquisitions', we have lined up for you some of the most brilliant minds in the field of economics. Our speakers will challenge your thinking and inspire new ideas that you can apply in your own research and work. Further, they will also be sharing their insights, experiences, and expertise with you!

To stay updated about the fest, please follow our Instagram page [@econsoc.ashoka](https://www.instagram.com/econsoc.ashoka) where we will be posting more details about the events and registrations. We will also be reaching out to you soon with a detailed description of each event.

So, whether you're a seasoned professional or a curious student, this fest is not to be missed. We look forward to welcoming you to the AUES Equilibrium and sharing our passion for economics with you. Please don't hesitate to reach out to us if you have any questions or concerns regarding the fest. We are always happy to assist you in any way we can!

Best regards,
On behalf of AUES,
Prisha Bajaj
